## **Making a Gift in your Will**

*Please help secure our care in the future by leaving a gift in your Will now.*

## Why leaving a gift in your Will to Florence Nightingale Hospice is so important.

It will enable us to continue to care for local people affected by terminal and life-limiting illness including cancer.

We are dependant on gifts made to us in a Will to help fund the £450,000 which is required every year in support of the Hospice. The care that is offered is free of charge to our patients and their families.

### Who benefits?

We help our patients and families to live life to the full, for whatever time is left – no matter how long or how short.

Many of our donors have been touched personally by the care we give, other supporters because they value our work.

### Our vision

Legacy income is vital to supporting the Hospice – leaving a gift in your Will means that people who need our support will get it for generations to come.

## How you can help.

It is your continuing support that will help people like Lucy, John and Michael enjoy the best quality of life available to them. Your contribution, however big or small, will play an important part in their future and it will be the kindest gift of all.

Adding a charitable bequest is easy to do and it can reduce inheritance tax.

After you have made provision for your family and loved ones, you can help secure our future by making or changing your Will to include a gift to Florence Nightingale Hospice.

**Thank you.**

*"The Hospice itself was such a happy, calm, peaceful place to be and made us feel we had got mum home. Mum died peacefully and with dignity and we could not have asked for more" - Andrea*
